

2 March 2009

World Projects International Music Productions
Chris Gibbs, Managing Director
Yosuke Kurosaka, World Projects Japan

Dear Chris,

The directors, students and parents involved in the recent tour to Japan, by the senior bands of Manly Selective Campus, would like to express their sincere thanks to World Projects for the excellent planning and organisation of the tour.

They experienced a balanced mix of concerts in beautiful concert halls and great opportunities for the students to mix with fellow musicians. Our two guides, Yosuke and Harumi were excellent ambassadors providing invaluable guidance with all aspects of daily activities including concert logistics, sight-seeing, transportation, Japanese cuisine and delicacies, local and national history, cultural lessons, weather forecasting, clothing advice, retrieval of lost items and medical assistance. Their bonhomie and amusing anecdotes were a highlight of the tour.

The students have been unanimous in their praise and enjoyment of the trip. The directors were impressed by the high musical standard and the parents appreciated the detailed organisation and opportunities for cultural exchange.

We would highly recommend World Projects for any overseas high school band tours.
